

117TH CONGRESS  
1ST SESSION

# H. R. 728

To amend the Public Health Service Act to establish an Emergency Office of Manufacturing for Public Health, and for other purposes.

---

## IN THE HOUSE OF REPRESENTATIVES

FEBRUARY 2, 2021

Ms. SCHAKOWSKY introduced the following bill; which was referred to the Committee on Energy and Commerce

---

## A BILL

To amend the Public Health Service Act to establish an Emergency Office of Manufacturing for Public Health, and for other purposes.

1       *Be it enacted by the Senate and House of Representa-*  
2       *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4       This Act may be cited as the “Pandemic Emergency  
5       Manufacturing Act of 2021”.

6 **SEC. 2. PUBLIC MANUFACTURING OF PHARMACEUTICALS.**

7       Part A of title III of the Public Health Service Act  
8       (42 U.S.C. 241 et seq.) is amended by adding at the end  
9       the following:

1     **“SEC. 310B. MANUFACTURING OF DRUGS, BIOLOGICAL**  
2                 **PRODUCTS, DEVICES, AND PERSONAL PRO-**  
3                 **TECTIVE EQUIPMENT.**

4     “(a) EMERGENCY OFFICE OF MANUFACTURING FOR  
5     PUBLIC HEALTH.—

6                 “(1) ESTABLISHMENT.—There is established  
7     within the Department of Health and Human Serv-  
8     ices an office to be known as the Emergency Office  
9     of Manufacturing for Public Health (referred to in  
10   this section as the ‘Office’).

11                 “(2) PURPOSE.—The purposes of the Office  
12   are—

13                 “(A) to ensure an adequate supply of, and  
14     increase access to, prescription drugs, biological  
15     products, devices, and other supplies, including  
16     personal protective equipment, necessary to, as  
17     appropriate, diagnose, mitigate, prevent, or  
18     treat COVID–19 and to mitigate the harm the  
19     COVID–19 pandemic might otherwise cause for  
20     the strategic national stockpile under section  
21     319F–2, Federal, State, local, and Native  
22     health programs, and the commercial market;

23                 “(B) to address shortages in the strategic  
24     national stockpile and commercial market of  
25     prescription drugs, biological products, devices,

1 and personal protective equipment used to treat  
2 conditions other than COVID–19; and

3 “(C) to provide prescription drugs, biological  
4 products, devices, and personal protective  
5 equipment necessary to diagnose, mitigate, pre-  
6 vent, and treat COVID–19 and to mitigate the  
7 harm the COVID–19 pandemic might otherwise  
8 cause, to Federal, State, local, and Native  
9 health programs, at no cost, and to consumers  
10 in the commercial market and other inter-  
11 national entities at cost.

12 “(3) PERSONNEL.—

13 “(A) DIRECTOR.—

14 “(i) IN GENERAL.—The Office shall  
15 be headed by a Director, who shall be ap-  
16 pointed by the President, not later than 15  
17 days after the date of enactment of the  
18 Pandemic Emergency Manufacturing Act  
19 of 2021, by and with the advice and con-  
20 sent of the Senate.

21 “(ii) ACTING DIRECTOR.—The Assis-  
22 tant Secretary for Preparedness and Re-  
23 sponse, if in compliance with subparagraph  
24 (C), may serve as Director of the Office in  
25 an acting capacity until the later of Senate

1 confirmation of a Director or 3 months  
2 after date of enactment of the Pandemic  
3 Emergency Manufacturing Act of 2021.

4 “(iii) COMPENSATION.—The Director  
5 shall be compensated at the rate prescribed  
6 for level III of the Executive Schedule  
7 under section 5314 of title 5, United  
8 States Code.

9 “(B) EMPLOYEES.—The Director of the  
10 Office, in consultation with the Secretary, may  
11 fix the number of, and appoint and direct, all  
12 employees of the Office.

13 “(C) BANNED INDIVIDUALS.—

14 “(i) DRUG COMPANY LOBBYISTS.—No  
15 former registered drug manufacturer lob-  
16 byist—

17 “(I) may be appointed to the po-  
18 sition of Director of the Office; or

19 “(II) may be employed by the Of-  
20 fice during the 6-year period begin-  
21 ning on the date on which the reg-  
22 istered lobbyist terminates its reg-  
23 istration in accordance with section  
24 4(d) of the Lobbying Disclosure Act

1    of 1995 or the agent terminates its  
2    status, as applicable.

3    “(ii) SENIOR EXECUTIVES OF LAW-  
4    BREAKING COMPANIES.—No former senior  
5    executive of a covered entity—

6    “(I) may be appointed to the po-  
7    sition of Director of the Office; or

8    “(II) may be employed by the Of-  
9    fice during the 6-year period begin-  
10   ning on the later of—

11   “(aa) the date of the settle-  
12    ment; and

13   “(bb) the date on which the  
14    enforcement action has con-  
15    cluded.

16   “(iii) COVERED ENTITY.—For pur-  
17    poses of clause (ii), the term ‘covered enti-  
18    ty’ means any entity that is—

19   “(I) a drug manufacturer; and

20   “(II)(aa) operating under Fed-  
21    eral settlement, including a Federal  
22    consent decree; or

23   “(bb) the subject of an enforce-  
24    ment action in a court of the United  
25    States or by an agency.

1                 “(4) DUTIES.—

2                 “(A) IN GENERAL.—The Office shall—

3                         “(i) prepare and submit applications  
4                         for approval to the Food and Drug Admin-  
5                         istration, or enter into contracts for such  
6                         submission, for the manufacture of appli-  
7                         cable COVID–19 products and other appli-  
8                         cable drugs, biological products, and de-  
9                         vices when authorized under this section;

10                         “(ii) obtain rights to manufacture ap-  
11                         plicable COVID–19 products and applica-  
12                         ble drugs, biological products, and devices  
13                         as authorized under this section;

14                         “(iii) manufacture, or enter into con-  
15                         tracts with entities to manufacture, appli-  
16                         cable COVID–19 products and other appli-  
17                         cable drugs, biological products, and de-  
18                         vices as authorized under this section;

19                         “(iv) determine a fair price for each  
20                         applicable drug, biological product, and de-  
21                         vice, in accordance with subparagraph  
22                         (B)(ii);

23                         “(v) sell manufactured applicable  
24                         drugs, biological products, and devices at a  
25                         fair price, as authorized under this section;

1                         “(vi) provide, at no cost, applicable  
2                         COVID–19 products to Federal, State,  
3                         local, and Native health programs, and  
4                         other domestic health care providers and  
5                         suppliers, as determined by the Secretary;

6                         “(vii) sell, at-cost, applicable COVID–  
7                         19 products to other commercial entities  
8                         and international entities, in accordance  
9                         with subparagraph (B)(i); and

10                         “(viii) manufacture, or enter into con-  
11                         tracts with entities to manufacture, active  
12                         pharmaceutical ingredients for use by the  
13                         Office or for sale to other entities.

14                         “(B) PRICING DETERMINATIONS.—

15                         “(i) AT-COST PRICE.—In determining  
16                         an at-cost price for an applicable COVID–  
17                         19 product under subparagraph (A)(vii)  
18                         the Office shall consider—

19                         “(I) the cost to the Federal Gov-  
20                         ernment of manufacturing the appli-  
21                         cable COVID–19 product;

22                         “(II) the administrative costs of  
23                         operating the Office; and

1                         “(III) the cost to acquire or man-  
2                         ufacture applicable COVID–19 prod-  
3                         uct under this section.

4                         “(ii) FAIR PRICE.—In determining a  
5                         fair price for an applicable drug, biological  
6                         product, or device under subparagraph  
7                         (A)(iv) the Office shall consider—

8                         “(I) the impact of price on pa-  
9                         tient access to the applicable drug, bi-  
10                         ological product, or device;

11                         “(II) the cost of the applicable  
12                         drug, biological product, or device to  
13                         Federal or State health care pro-  
14                         grams;

15                         “(III) the cost to the Federal  
16                         Government of manufacturing the ap-  
17                         plicable drug, biological product, or  
18                         device;

19                         “(IV) the administrative costs of  
20                         operating the Office;

21                         “(V) the cost to acquire or man-  
22                         ufacture the applicable drug, biological  
23                         product, or device under this section;  
24                         and

1                         “(VI) the impact of price on  
2 market competition for the applicable  
3 drug, biological product, or device.

4                         “(iii) TRANSPARENCY.—All prices  
5 charged for applicable COVID–19 products  
6 and applicable drugs, biological products,  
7 or devices shall be made publicly available  
8 by the Office.

9                         “(C) OBTAINING RIGHTS TO MANUFAC-  
10 TURE AND MARKET.—

11                         “(i) IN GENERAL.—When necessary to  
12 fulfill the Office’s duties under this section,  
13 the Office shall acquire the rights to manu-  
14 facture and market applicable COVID–19  
15 products and applicable drugs, biological  
16 products, and devices as authorized under  
17 this section.

18                         “(ii) LICENSING AUTHORITY.—

19                         “(I) IN GENERAL.—Notwith-  
20 standing any other provision of law,  
21 the Secretary shall issue licenses, as  
22 useful for fulfilling the duties under  
23 this Act, allowing the Office to prac-  
24 tice or have practiced (which may in-  
25 clude licensure of retroactive practice)

1                   any invention in the United States or  
2                   territories of the United States, in-  
3                   cluding making, using, offering to sell  
4                   or selling, importing, or exporting  
5                   such invention, to reference or rely  
6                   upon clinical trial data submitted to a  
7                   regulatory authority or the grant of  
8                   marketing approval, and to access and  
9                   use otherwise confidential informa-  
10                  tion, including know-how, related to  
11                  the manufacture of an applicable  
12                  COVID–19 product or applicable  
13                  drug, biological product, or device.

14                  “(II) NON-VOLUNTARY LICENS-  
15                  ING.—For any license that involves a  
16                  non-voluntary authorization to use  
17                  patented inventions, regulatory test  
18                  data, data, know-how or other intel-  
19                  lectual property rights, the license  
20                  shall provide for reasonable remunera-  
21                  tion to rights holders such as a rea-  
22                  sonable royalty on the sales of prod-  
23                  uct, a 1-time payment, or some com-  
24                  bination, provided that the combined  
25                  royalty payments to all rights holders

1                   shall not exceed the percentage of  
2                   sales that is the average percent of all  
3                   royalty payments reported to the In-  
4                   ternal Revenue Service by companies  
5                   in the pharmaceutical and medicines  
6                   sector, North American Industry Clas-  
7                   sification System code 325410, pro-  
8                   vided that when products are distrib-  
9                   uted for free, the royalty shall be  
10                  based upon the cost of goods. When  
11                  there are multiple rights holders, the  
12                  allocation of the total royalty pay-  
13                  ments shall be determined by—

14                  “(aa) agreement among the  
15                  rights holders;

16                  “(bb) allocation by arbitra-  
17                  tion among the rights holders; or

18                  “(cc) if neither item (aa)  
19                  nor (bb) applies, by the Office.

20                  “(iii) TRANSPARENCY.—Subject to  
21                  clause (iv), the Secretary shall post any  
22                  contract agreement under subparagraph  
23                  (A) or license issued under clause (ii) on  
24                  the public internet website of the Depart-  
25                  ment of Health and Human Services, on

1                   the date on which such agreement or li-  
2                   cense takes effect.

3                   “(iv) PROTECTED INFORMATION.—In  
4                   carrying out this section, the Secretary  
5                   shall enforce applicable law concerning the  
6                   protection of confidential commercial infor-  
7                   mation and trade secrets.

8                   “(D) ACTIVE PHARMACEUTICAL INGREDI-  
9                   ENTS.—

10                  “(i) IN GENERAL.—The Office shall  
11                  manufacture, or enter into contracts with  
12                  entities to manufacture, an active pharma-  
13                  ceutical ingredient applicable to a drug or  
14                  biological product that is either an applica-  
15                  ble COVID–19 product or an applicable  
16                  drug or biological product if—

17                  “(I) the Office determines that  
18                  such ingredient is not readily available  
19                  from existing suppliers or the existing  
20                  supply of such ingredient to the do-  
21                  mestic market is vulnerable to disrup-  
22                  tion;

23                  “(II) the manufacture of such in-  
24                  gredient would improve the ability of  
25                  other entities to enter the market for

1                   the manufacture of applicable  
2                   COVID–19 products or applicable  
3                   drugs, biological products, or devices,  
4                   or otherwise expand the manufacture  
5                   of applicable COVID–19 products or  
6                   applicable drugs, biological products,  
7                   or devices; or

8                   “(III) the manufacture of such  
9                   ingredient is necessary for the Office  
10                  to carry out its duties under this sec-  
11                  tion.

12                 “(ii) PRICE DETERMINATIONS.—In  
13                  determining the price at which to sell an  
14                  active pharmaceutical ingredient manufac-  
15                  tured in accordance with clause (i), the Of-  
16                  fice shall consider the cost to manufacture  
17                  the ingredient, the administrative costs of  
18                  the Office with respect to the ingredient,  
19                  and the impact of such price on market  
20                  competition for the ingredient.

21                 “(E) PRIORITY.—In awarding contracts  
22                  under this paragraph, the Office shall prioritize  
23                  entities manufacturing applicable COVID–19  
24                  products and applicable drugs, biological prod-

1       ucts, and devices using components originating  
2       and manufactured in the United States.

3           “(F) CONTRACT REQUIREMENTS.—All con-  
4       tracts issued under this paragraph shall include  
5       a requirement that the contract recipients rea-  
6       sonably price products produced under the con-  
7       tract.

8           “(b) MANUFACTURING OF PRODUCTS.—

9           “(1) IN GENERAL.—As soon as practicable  
10      after the date of enactment of this section, but no  
11      later than 1 month after such date of enactment, the  
12      Office shall begin—

13           “(A) manufacturing, or entering into con-  
14       tracts with entities for the manufacture of ap-  
15       plicable COVID–19 products and applicable  
16       drugs, biological products, and devices,  
17       prioritizing drugs, biological products, devices  
18       or personal protective equipment the manufac-  
19       ture of which would provide the greatest public  
20       health impact; and

21           “(B) constructing, or entering into con-  
22       tracts to construct, manufacturing facilities, in-  
23       cluding the construction of advanced manufac-  
24       turing technology, RNA vaccines, DNA vac-  
25       cines, recombinant protein vaccines, viral vec-

1           tor-based vaccines, live attenuated vaccines, in-  
2           activated vaccines, or other therapeutics, after  
3           clinical data relating to such products have  
4           demonstrated strong positive indications of  
5           safety and efficacy, to ensure immediate pro-  
6           duction at-scale upon Federal approval.

7           “(2) SUBMISSION OF APPLICATIONS.—For each  
8           applicable COVID–19 product, and for each applica-  
9           ble drug, biological product, or device that the Office  
10          determines should be manufactured, as provided for  
11          under this section, the Secretary shall—

12           “(A) submit an application under sub-  
13           section (b) or (j) of section 505, or under sec-  
14           tion 515, of the Federal Food, Drug, and Cos-  
15           metic Act or subsection (a) or (k) of section  
16           351 of this Act or submit a notification under  
17           section 510(k) of the Federal Food, Drug, and  
18           Cosmetic Act (or enter into a contract with an-  
19           other entity to submit such an application or  
20           notification);

21           “(B) request an emergency use authoriza-  
22           tion of the product under section 564A of the  
23           Federal Food, Drug, and Cosmetic Act (or  
24           enter into a contract with another entity to sub-  
25           mit an application for such use); or

1                 “(C) obtain from the holder of an applica-  
2                 tion approved under subsection (c) or (j) of sec-  
3                 tion 505 or section 515 of the Federal Food,  
4                 Drug, and Cosmetic Act or subsection (a) or  
5                 (k) of section 351 of the Public Health Service  
6                 Act, or cleared under section 510(k) of the Fed-  
7                 eral Food, Drug, and Cosmetic Act, rights to  
8                 manufacture such applicable drug.

9                 “(3) MANUFACTURING TIMELINES.—

10                 “(A) PERSONAL PROTECTIVE EQUIP-  
11                 MENT.—Not later than 1 month after the date  
12                 of enactment of this section, the Secretary shall  
13                 begin the public manufacturing of personal pro-  
14                 tective equipment, including surgical masks,  
15                 surgical gowns, face shields, and N95 masks,  
16                 meeting the definition of applicable COVID–19  
17                 product and in accordance with this section.

18                 “(B) COVID–19 DIAGNOSTIC TEST MATE-  
19                 RIALS.—Not later than 1 month after the date  
20                 of enactment of this section, the Secretary shall  
21                 begin the public manufacturing of materials  
22                 necessary for the development of COVID–19 di-  
23                 agnostic tests, including chemical reagents, test  
24                 swabs, and materials necessary to develop sero-  
25                 logical COVID–19 tests, meeting the definition

1           of applicable COVID–19 product and in accord-  
2           ance with this section.

3           “(C) COVID–19 TREATMENT DRUGS.—As  
4           soon as practicable after the date of enactment  
5           of this section, the Secretary shall begin the  
6           public manufacturing of drugs and biological  
7           products in shortage, and any devices used to  
8           administer such drugs and biological products,  
9           that are used for treatment of severe COVID–  
10          19 cases, including albuterol, drugs used to  
11          intubate patients, antibiotics, and antivirals,  
12          meeting the definition of applicable COVID–19  
13          product and in accordance with this section.

14          “(4) PRIORITY MANUFACTURING.—The Office  
15          shall prioritize the manufacturing of applicable  
16          COVID–19 products and applicable drugs, biological  
17          products, and devices that would have the greatest  
18          impact on—

19           “(A) diagnosing, mitigating, preventing,  
20           treating, or curing COVID–19;

21           “(B) limiting the harm the COVID–19  
22           pandemic might otherwise cause to public  
23           health and the economy;

24           “(C) addressing shortages of drugs, bio-  
25           logical, products, and devices;

1                 “(D) reducing the cost of combating  
2                 COVID–19 to Federal, State, local, and Native  
3                 health programs; and

4                 “(E) alleviating demographic disparities in  
5                 COVID–19 outcomes or access to diagnosis,  
6                 mitigation, prevention, and treatment.

7         “(c) PROVISION OF PRODUCTS.—

8                 “(1) PROVISION OF APPLICABLE COVID–19  
9                 PRODUCTS.—The Secretary shall provide applicable  
10                 COVID–19 products at no cost to Federal, State,  
11                 local, and Native health programs, and other domes-  
12                 tic health care providers and suppliers, including do-  
13                 mestic commercial health care providers, as deter-  
14                 mined by the Secretary, and sell at cost applicable  
15                 COVID–19 products to other commercial entities  
16                 and international entities. Amounts received from  
17                 the sale of such drugs shall be used for the activities  
18                 of the Office.

19                 “(2) PROVISION OF APPLICABLE DRUGS, BIO-  
20                 LOGICAL PRODUCTS AND DEVICES.—The Secretary  
21                 shall sell applicable drugs, biological products, and  
22                 devices produced under this section at a fair price to  
23                 other entities. Amounts received from the sale of  
24                 such drugs shall be used to replenish the national  
25                 strategic stockpile under section 319F–2.

1       “(d) OVERSIGHT OF CONTRACTS.—In the case of ap-  
2 plicable COVID–19 products and applicable drugs, bio-  
3 logical products, and devices manufactured via contracts,  
4 the Inspector General of the Department of Health and  
5 Human Services shall conduct a review of not fewer than  
6 1 of every 3 contracts entered into under this section, and  
7 of the entities entering into such contracts, to ensure that  
8 the Office is issuing contracts under fair and reasonable  
9 terms and conditions, including facilitating the procure-  
10 ment by the Federal Government of applicable COVID–  
11 19 products and applicable drugs, biological products, and  
12 medical devices at fair and reasonable prices. The Inspec-  
13 tor General shall make each such review public and, in  
14 cases where such a review identifies unreasonable prices,  
15 submit recommendations to Congress on how the Office  
16 should improve its contracting systems to ensure reason-  
17 able pricing.

18       “(e) REPORTS TO CONGRESS.—The Director shall  
19 prepare and submit to the President, the Committee on  
20 Health, Education, Labor, and Pensions of the Senate,  
21 and the Committee on Energy and Commerce of the  
22 House of Representatives, a monthly report during the  
23 public health emergency declared by the Secretary under  
24 section 319 on January 31, 2020, with respect to COVID–

1 19, and a final report 3 months after the public health  
2 emergency has concluded, that includes—

3           “(1) an assessment of the major supply chain  
4 challenges facing hospitals, medical providers, the  
5 Federal Government, State, local, and tribal govern-  
6 ments, and the private sector in procuring drugs, bi-  
7 ological products, devices, and personal protective  
8 equipment to combat and prevent the spread of  
9 COVID–19; and

10          “(2) a description of the status of all drugs, bi-  
11 ological products, devices, active pharmaceutical in-  
12 gredients, and personal protective equipment for  
13 which manufacturing has been authorized under this  
14 section, including drugs, biological products, devices,  
15 active pharmaceutical ingredients, and personal pro-  
16 tective equipment being manufactured, drugs, bio-  
17 logical products, devices, active pharmaceutical in-  
18 gredients, and personal protective equipment for  
19 which the Office has submitted an application for  
20 approval or a notification for clearance or classifica-  
21 tion to the Food and Drug Administration but has  
22 not yet received approval, clearance, or classification,  
23 and drugs, biological products, devices, active phar-  
24 maceutical ingredients, and personal protective  
25 equipment for which the Office has received ap-

1       proval, clearance, or classification from the Food  
2       and Drug Administration but are not being manu-  
3       factured.

4       “(f) DEFINITIONS.—In this section:

5               “(1) APPLICABLE DRUG, BIOLOGICAL PRODUCT,  
6       OR DEVICE DEFINITION.—The term ‘applicable drug,  
7       biological product, or device’ means a drug (as de-  
8       fined in section 201(g) of the Federal Food, Drug,  
9       and Cosmetic Act), biological product (as defined in  
10      section 351(i) of the Public Health Service Act),  
11      combination product (as described in section 503(g)  
12      of the Federal Food, Drug, and Cosmetic Act), or  
13      device (as defined in section 201(h) of the Federal  
14      Food Drug and Cosmetic Act) for which an ap-  
15      proved application under section 505 or 515 of the  
16      Federal Food, Drug, and Cosmetic Act or section  
17      351 of the Public Health Service Act, or clearance  
18      under section 510(k) of the Federal Food, Drug,  
19      and Cosmetic Act, is in effect, and—

20               “(A) is included in the drug shortage list  
21       under section 506E of the Federal Food, Drug,  
22       and Cosmetic Act; or

23               “(B) is vulnerable to shortage.

24               “(2) APPLICABLE COVID–19 PRODUCT DEFINI-  
25       TION.—

1                 “(A) IN GENERAL.—The term ‘applicable  
2                 COVID–19 product’ means a product that is  
3                 included on a list that the Secretary of Health  
4                 and Human Services, in consultation with the  
5                 Commissioner of Food and Drugs, the Assis-  
6                 tant Secretary for Preparedness and Response,  
7                 and the Director of the Centers for Disease  
8                 Control and Prevention, shall compile not later  
9                 than 2 weeks after the date of enactment of  
10                 this section and shall review and update, as  
11                 necessary, every 2 weeks of—

12                 “(i) qualified pandemic or epidemic  
13                 products, as defined under section 319F–  
14                 3, that are—

15                 “(I)(aa) drugs, biological prod-  
16                 ucts, and devices that are manufac-  
17                 tured, used, designed, developed,  
18                 modified, licensed or procured—

19                 “(AA) to diagnose, mitigate,  
20                 prevent, treat, or cure COVID–  
21                 19; or

22                 “(BB) to limit the harm the  
23                 COVID–19 pandemic might oth-  
24                 erwise cause;

1                         “(bb) drugs, biological products,  
2                         and devices that are manufactured,  
3                         used, designed, developed, modified, li-  
4                         censed, or procured to diagnose, miti-  
5                         gate, prevent, treat, or cure a serious  
6                         or life-threatening disease or condition  
7                         caused by a product described in item  
8                         (aa); or

9                         “(cc) drugs, biological products,  
10                        devices or technologies intended to en-  
11                        hance the use or effect of a drug, bio-  
12                        logical product, or device described in  
13                        item (aa) or (bb); and

14                         “(ii) personal protective equipment,  
15                        including protective equipment for eyes,  
16                        face, head, and extremities, protective  
17                        clothing, respiratory devices, and protective  
18                        shields and barriers, used to protect people  
19                        from COVID–19 infection.

20                         “(B) CONSULTATION.—In developing the  
21                        list described in subparagraph (A), the Sec-  
22                        retary shall consult with the Administrator of  
23                        the Federal Emergency Management Adminis-  
24                        tration and the Secretary of Defense to ensure  
25                        that, in instances where the President has en-

1           acted the Defense Production Act to produce  
2           applicable COVID–19 products, the Office does  
3           not replicate or overproduce products being de-  
4           veloped under the Act.

5           “(3) NATIVE HEALTH PROGRAM.—The term  
6           ‘Native health program’ shall include—

7                 “(A) a program provided through the In-  
8                 dian Health Service;

9                 “(B) any health program operated by—

10                 “(i) an Indian tribe, or Tribal organi-  
11                 zation, as such terms are defined in section  
12                 4 of the Indian Self-Determination and  
13                 Education Assistance Act;

14                 “(ii) an inter-tribal consortium, as de-  
15                 fined in section 501(a) of the Indian Self-  
16                 Determination and Education Assistance  
17                 Act; or

18                 “(iii) an urban Indian organization, as  
19                 defined in section 4 of the Indian Health  
20                 Care Improvement Act; and

21                 “(C) any health program provided through  
22                 a Native Hawaiian health care system, as de-  
23                 fined in section 12 of the Native Hawaiian  
24                 Health Care Improvement Act.

1           “(4) DOMESTIC HEALTH CARE PROVIDER.—The  
2       term ‘domestic health care provider’ shall include the  
3       direct support professional, home health, and per-  
4       sonal care attendant workforce.

5           “(g) AUTHORIZATION OF APPROPRIATIONS.—There  
6       are authorized to be appropriated such sums as may be  
7       necessary to carry out this section.”.
